A screenshot of a Padlet board titled "Schnupperunterricht" by user "hildemunk". The board is organized into several columns and rows of content blocks. The first column, "Was ist das hier?", contains a "Begrüßung" video (00:17:09) and a "Film zum Homeschooling von zwei Schülerinnen". The second column, "Physik", features a "Schnupperstunde zu elektrischen Stromkreisen" video (03:43) and a diagram of an electrical circuit. The third column, "Mathematische Körper Ausstellungen", includes a task to build a mathematical body exhibition and a "Von Julius" video. The fourth column, "Mathe: Bilder im Koordinatensystem", contains instructions to draw a picture and its coordinates, and a "Von Amar und Julius" video showing coordinate drawings. The fifth column, "Optische Phänom", includes a "Lichtstrahl" video (00:06:57). The board interface shows options for "Klonen" and "Teilen" in the top right.
